

BENJAMIN TOKEN

The Connection Point Between
the Real World and the Digital World

BENJAMIN TOKEN

About BENJAMIN TOKEN:

BENJAMIN TOKEN is the experience gained in all projects that BENJAMIN HILL Investment & Consulting Company has worked on for more than 10 years. It is a privileged currency in the new world order that has been developed with years of R&D studies, sectoral experiences, areas of expertise, global activities and expert staff.

We call BENJAMIN TOKEN briefly as "The meeting point of the digital world and the real world".

Why BENJAMIN TOKEN:

Benjamin Token is an investment tool and a start-up project named "Only YOU". "Only YOU" is a renting project which provides some opportunities to reach people all over the world and from all over the world, our counselors are using the "Only YOU" project. Everyone can download this project as an

app to their mobile devices and can use this project on their mobile devices after downloading process. A lot of requests, which are made by the project's app, are shown on our counselor's screen. All rentings are made with "Only YOU". People can rent whatever they need, like a car, helicopter, private jet, yacht, realty, etc. Also, the rental process is made with agreements that are on a digital system. After signing the agreement, Benjamin Token's transfer is made in seconds. Benjamin Token can be purchased on the stock market and can be transferred to the "Only YOU" system.

You can do all these transactions by using BENJAMIN TOKEN wherever you are. Moreover, you can quickly check all your future purchase/after-sales services through Only YOU services with your chosen private consultant.

You can rate your advisors, write comments, and appoint a different advisor without changing your service ID. You can track all your assets through a single Only YOU ID. As all investors evaluate our International Consultants, our consultants will also share all their comments about investors and give valuation points.

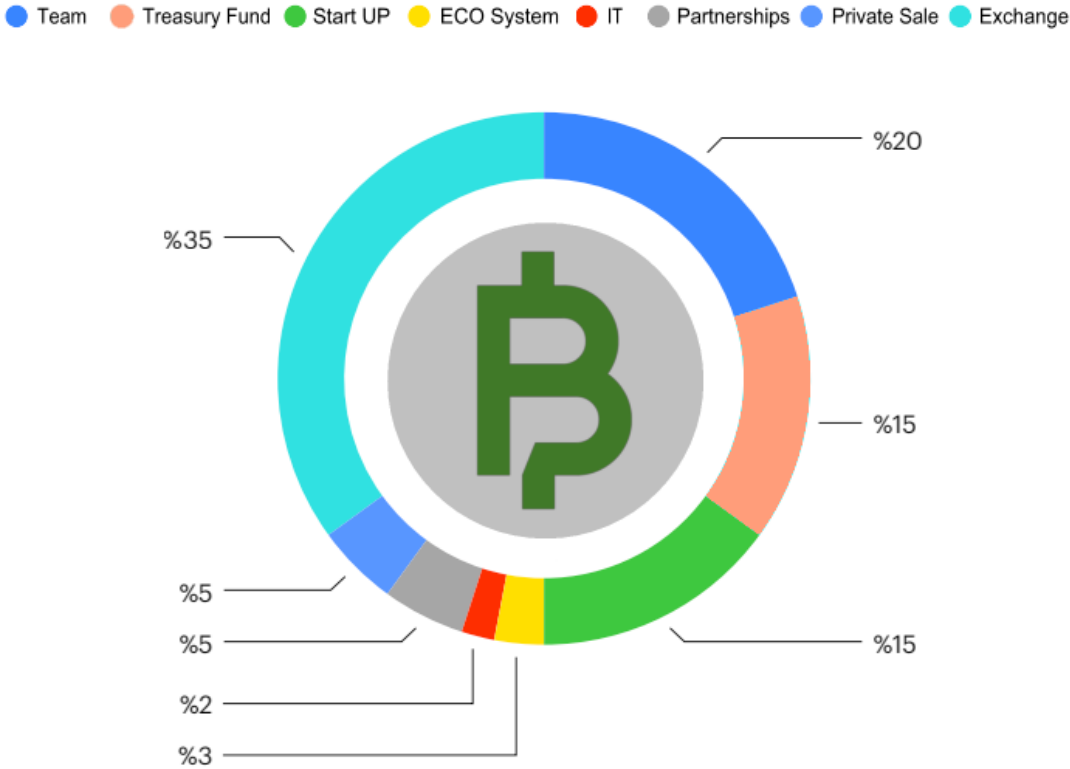

Investors and Consultants will implement their digital services in accordance with the laws of each country.

BENJAMIN TOKEN will support all StartUP projects worldwide that are eligible for the BENJAMIN TOKEN Eco System, apart from these basic startup services. In this way, we will expand our transaction volume and have access to millions of people.

In addition to all these, BENJAMIN TOKEN has started the second phase work for "Loan in 15 Seconds, Insurance in 20 Seconds" transactions. "With BENJAMIN TOKEN, you always break new ground and win."
